Inquiries and announcements regarding Geochemical News should be sent to S.B. Shirey, Carnegie Institution of Washington, 5241 Broad Branch Rd., NW, Washington, DC 20015 USA.

In this issue:
- Upcoming meetings
- Geochemical Society sponsored lecture tour
- New GS Officers for 1991 nominated
- Geochemical Society Administrative Office opens at OSU
- Goldschmidt and Clarke Award winners for 1990
- Fall GS Council meeting
- R.K. O’Nions to give 1990 Ingerson Lecture at GSA
- Third V.M. Goldschmidt Conference planned for 1992
- Call for award nominations
- GS Member honored
- Accelerator Mass Spectrometry Faculty Position at Purdue
- Geochemical Society related activities at the GSA Annual Meeting
- GSA registration and housing information
- GS Special Publication honoring Hans Eugster available

UPCOMING MEETINGS
March 18-22, 1991, 22nd Lunar and Planetary Science Conference, Houston, TX USA. (Pam Jones, Lunar and Planetary Institute, Program Services Department, 3303 NASA Road 1, Houston, TX, 77058. Ph: 713-486-2150)
March 24-28, 1991, EUG VI. European Union of Geosciences, Strasbourg, France. Abstracts due November 15, 1990. Special Symposia include: Energy modeling of rock-forming minerals; Diffusion and order-disorder kinetics in minerals: implications for geothermometry, geobarometry and geotachometry; Potassic and ultrapotassic magmas and their origins; Granites and continental growth; Island arcs and marginal basins: ancient examples and modern analogues; High pressure mineralogy: synthesis, spectroscopy and diffractrometry; Ore-mineral concentrations in mafic and ultramafic suites; Explosive eruptions: eruptive dynamics and magma composition; Structure and composition of the lower continental crust; Precambrian greenstone belts and associated metallogeny; and Palaeozoic orogenies in Europe: tectonics, magmatism and evolution. For further information, contact EUG VI Organizing Committee Secretariat, via S. Nicolo 14, 34121 Trieste, ITALY
April 14-19, 1991 American Chemical Society National Meeting, Atlanta, GA. (ACS Meetings Department, 1155 16th Street, NW, Washington, DC 20036. Ph: 800-227-5558 or 202-872-6059)

GEOCHEMICAL SOCIETY SPONSORED LECTURE TOURS
Dr. Ross Taylor, Research School of Earth Sciences, Australian National University will be making his third Geochemical Society sponsored lecture tour this fall. This year, Dr. Taylor will be speaking on the Origin of the Moon and Growth of the Continental Crust at the University of Massachusetts, Amherst (Oct 22); Virginia Polytechnic Institute and State University, Blacksburg Va (Oct 26); and at
the University of New Mexico at Albuquerque (Nov. 8). Students and faculty of near-by institutions are welcome to attend these lectures. Contact the hosting departments for details of time and location. Dr. Stephen Moorbath, Department of Earth Sciences, Oxford University, will undertake a lecture tour in the spring, around the time of the Spring AGU Meeting.

**GS OFFICERS NOMINATED FOR 1991**

CLARKE AWARD COMMITTEE: Rob Berman, Geological Survey of Canada; James L. Munoz, University of Colorado.

GOLDSCHMIDT AWARD COMMITTEE: Carol Frost, University of Wyoming; P. Edgar Hare, Carnegie Institution of Washington.

NOMINATIONS COMMITTEE: Sue Brantley, Pennsylvania State University; Anita Grunder, Oregon State University

PROGRAM COMMITTEE: Brian Popp, University of Wisconsin

**NEW GEOCHEMICAL SOCIETY ADMINISTRATIVE OFFICE OPENS**

The Geochemical Society has recently opened an Administrative Office located at The Ohio State University in Columbus, Ohio. Thanks are in order to GCA Executive Editor Gunter Faure and Managing Editor Ken Cherry for taking the responsibility to get the office going. The office Administrator, Susan Meyer, has been working since April 1990 to create a computer database of Geochemical Society members and subscribers to Geochemica et Cosmochimica Acta. Beginning in January 1991, all membership and subscription matters will be handled through the Columbus office; however, questions concerning individual memberships/subscriptions can be addressed to this office as of September 1, 1990 (075 Pressey Hall, 1070 Carmack Road, The Ohio State University, Columbus, Ohio 43210-1002; Telephone: 614-292-6919; Fax: 614-292-7273). In addition to her role as Subscription Manager, the Administrator will also act as a secretary to members of the Geochemical Society Council.

**GEOCHEMICAL SOCIETY AWARDS FOR 1990**

The V.M. Goldschmidt Award will be given to Edward Anders, Enrico Fermi Institute, University of Chicago, at the Geochemical Society Luncheon during the GSA Meeting, Monday, October 29, 12:00-1:00 at the Hyatt Regency Hotel. In the words of the nomination committee, the award will be made to Anders because of his "work in cosmochemistry including major contributions to our understanding of the age of the solar system, the abundances of the elements, the origin of organic materials in primitive meteorites, the origin of meteorites from the asteroid belt, the bulk compositions of the terrestrial planets, the origins of nuclear isotopic anomalies and the discovery of interstellar pre-solar grains in meteorites and others...". The award citation will be made at the Geochemical Society Luncheon at the GSA Meeting by Michael J. Drake, University of Arizona.

The F.W. Clarke Award will be given to Richard J. Walker, Department of Geology, University of Maryland, College Park at the same luncheon. This award will be given for Walker's work in developing resonance ionization mass spectrometry as a technique for Re-Os isotopic analysis and for applying the Re-Os isotopic system to terrestrial and extraterrestrial geochemical problems. The award citation will be made by John W. Morgan, USGS, Reston.

**GEOCHEMICAL SOCIETY FALL COUNCIL MEETING**

The Fall 1990 Geochemical Society Council Meeting will be held in Dallas, TX on Sunday, October 28, 1990 from 6:00 pm to 10:00 pm in the Sanford Room of the Hyatt Regency Dallas Hotel.

**INGERSOLL LECTURE AT 1990 GSA ANNUAL MEETING**

R.K. O'Nions will give the Geochemical Society's Ingersoll Lecture at the 1990 GSA Annual Meeting. The talk is entitled "Fluids in the formation and evolution of the continental crust". It will be given on Monday, Oct 29, at 10:30 am in the West Ballroom B of the Dallas Convention Center. This immediately precedes the Geochemical Society Awards Luncheon to be held at the Hyatt Regency Hotel in the Reunion Ballroom E.
THIRD GOLDSCHMIDT CONFERENCE

Plans are underway to hold a Third Goldschmidt Conference in 1992. The tentative dates are Friday, May 9 to noon on Sunday, May 11. This timing will permit those interested to attend the AGU meeting in Montreal that begins on May 12. The location of the Goldschmidt Conference is not yet firm; however, a site in the Washington, D.C. area is likely. Bruce R. Doe will serve as General Chairman.

The format of the Goldschmidt Conference is well suited to symposia on timely subjects. This announcement solicits suggestions for symposia. Please send ideas to:

Bruce R. Doe
U.S. Geological Survey
923 National Center
Reston, VA 22092
(Tel. 703/648-6205)

The suggestion should include a name for the symposium, a paragraph on the importance of the symposium and some idea of the length of the symposium (half-day, full-day, etc.), and the names of candidate symposium organizers with some preliminary idea of participants. One suggestion already made is for a symposium on The Origin of Major Geochemical Anomalies. Decisions on which symposia are selected will be the responsibility of the Program Committee.

The Second Goldschmidt Conference had 440 registrants with 10% more abstracts submitted than at the first Conference. There were eight concurrent symposia. It is the hope that the symposia can be packaged in such a way as to have fewer concurrent symposia for the Third Goldschmidt Conference. Suggestions on how the meeting might be run are welcomed.

CALL FOR NOMINATIONS FOR GEOCHEMICAL SOCIETY AWARDS

This is a reminder that nominations are being accepted for the three awards that the Geochemical Society will confer in 1991: the V.M. Goldschmidt Award, the F.W. Clarke Award and the Alfred Treibs Award. The Goldschmidt Award, consisting of a gold medal and a certificate, shall be made yearly for major achievements in geochemistry or cosmochemistry (nomination deadline: 12/1/90). The Clarke Award, consisting of a medal and a certificate, shall be made yearly to a young scientist for a single outstanding contribution to geochemistry or cosmochemistry, published as either a paper or a series of papers on a single topic. The award must be received no later than the year of the recipient’s thirty-fifth birthday (nomination deadline: 11/15/90). The Treibs Award, consisting of a gold-filled medal and a certificate, shall be awarded every odd-numbered year for major achievements, over a period of years, in organic chemistry (nomination deadline: 10/15/90). Those interested in making a nomination for any of these awards should consult April, 1990 Geochimica et Cosmochemica Acta, p. 1121 and contact directly the appropriate person listed below:

V.M. Goldschmidt Award:
Dr. E.A. Mathez
American Museum of Natural History
Department of Mineral Sciences
New York, New York 10024, USA
Ph: 212-769-5379  Fax: 212-769-5339

F.W. Clarke Award:
Dr. G.W. Lugmair
University of California, San Diego
Scripps Inst. of Oceanography
Code A-012-L
La Jolla, CA 92039, USA
Fax: 619-534-0784
Dr. Philip A. Meyers  
Department of Atmospheric and Ocean Sciences  
University of Michigan  
Ann Arbor, MI 48109-2143, USA  
Fax: 313-763-4690

**GEOCHEMICAL SOCIETY MEMBER HONORED**

Dr. Bruce B. Hanshaw, USGS, Reston, was one of several USGS employees to receive the Department of the Interior's highest honor, the Distinguished Service Award on March 8, 1990. He was cited for his significant accomplishments in radioactive waste management and paleoclimatology. He directed critical programs aimed at reorienting the national outlook on protection of the nation's environment, including the USGS response to the then newly enacted National Environmental Policy Act. He was also principal architect of a methodology for conducting environmental impact analyses, a standard which is still in use. Hanshaw was further cited for his leadership and effective management in serving as secretary general of the 28th International Geological Congress held in Washington, DC in July, 1989.

**FACULTY POSITION IN ACCELERATOR MASS SPECTROMETRY**

Purdue University is setting up a dedicated accelerator mass spectrometry facility for measuring cosmogenic radionuclides. Based on an existing 8 MV tandem accelerator, the facility will be capable of measuring the radionuclides $^{10}$Be, $^{14}$C, $^{26}$Al, $^{36}$Cl, $^{41}$Ca, $^{129}$I; plans are to begin with measurements of $^{10}$Be and $^{36}$Cl in early 1991. The research program in Earth, Polar, and Space Sciences will focus on surficial processes (rock exposure dating), ground water (dating, tracing), ice cores (solar variability), and meteorites (terrestrial ages). The facility has been funded by Purdue University and the National Science Foundation so far. AMS will be the primary activity on the accelerator; with additional funding it could become a national facility open to researchers throughout the USA. A faculty position is available for a senior geoscientist who will base a research program on AMS and will play a major role in establishing priorities for the new facility. Contact Mike Lipschutz, Department of Chemistry, Purdue University, W. Lafayette, IN 47907 (317-494-5326) or David Elmore, Department of Physics (317-494-6516) for further information or to be put on a newsletter mailing list.

**TWO SYMPOSIA ON METALLIFEROUS BLACK SHALES & RELATED ORE DEPOSITS**

These GSA Symposia (detailed titles given on page 5) will bring together an interdisciplinary and international group of investigators. Recent results and reviews will be presented on the inorganic-, organic-, isotope- geochemistry, petrology, microbiology, temporal distribution, and other aspects of Phanerozoic and Precambrian black shales and related ore deposits. The Symposia will be held on Saturday, October 27, 9:00 am - 5:00 pm and Sunday, October 28, 1990, 1:00 pm - 4:00 pm, before the Geological Society of America's Annual Meeting. The Symposia are co-sponsored by IGCP Project #254 and the Organic Geochemistry Division of the Geochemical Society. Organizers for the Symposia are Bartholomew Nagy (Laboratory of Organic Geochemistry, Department of Geosciences, University of Arizona, Tucson, AZ 85721; 602 621-6973); Philip A. Meyers (Department of Geological Sciences, University of Michigan, Ann Arbor, MI 48109-1063; 313 764-3335); Joel S. Leventhall (U.S. Geological Survey, MS 973 Denver Federal Center, Denver, CO 80225; 303 236-1522); and Lisa M. Pratt (Department of Geology, Indiana University, Bloomington, IN 47405; 812 855-9203). Those wishing to receive further information should contact the organizers.

**"THEME SESSIONS" : AN OPPORTUNITY FOR THE GEOCHEMICAL SOCIETY**

Geochemical Society members can have a strong influence the technical content at our annual meeting held each fall with the Geological Society of America through the use of Theme Sessions. The idea behind Theme Sessions is to 1) make the technical sessions more responsive to the desires of individual members and 2) provide numerous important focal points for submitted abstracts without resorting to Symposia, which are usually controlled by one or a small number of individuals. GS members are encouraged to propose possible theme session topics for the 1991 GSA Meeting in San Diego. For further information, please contact the GS Program Committee Chairman: L. Peter Gromet, Department of Geological Sciences, Brown University, Providence, RI 02912 (Ph: 401-863-1920). It is important that suggestions for possible theme sessions be submitted to Gromet before the middle January, 1991.
SCHEDULE OF GEOCHEMICAL SOCIETY EVENTS AND TECHNICAL SESSIONS
(1990 GSA Annual Meeting Dallas, Texas. October 27 - November 1, 1990)

SAT 9:00-5:00 --SYMPOSIUM, ORGANIC GEOCHEMISTRY DIVISION,
"Biogeochemistry and Sedimentology of Precambrian and Phanerozoic
Black Shales, Sedimentary Rocks, and Related Ore Deposits"
(see special announcement on p. 4, this issue)

SUN PM 1:00-5:00 --SYMPOSIUM, ORGANIC GEOCHEMISTRY DIVISION,
"Geochemistry of Metalliferous Black Shales"
(see special announcement on p. 4, this issue)
6:00-9:00 --GEOCHEMICAL SOCIETY COUNCIL MEETING

MON AM 8:00-12:00 --THEME SESSION 1: "Sr Isotopes and Sedimentary Geology"
8:00-10:30 --TECHNICAL SESSION: "Igneous Geochemistry"
10:30-11:30 --INGERSON LECTURE Speaker: KEITH ONIONS
"Fluids in the formation and evolution of the continental crust"

MON PM 12:00-1:00 --GEOCHEMICAL SOCIETY LUNCHEON and AWARDS
(Hyatt Regency)
1:00-5:00 --THEME SESSION 18: "Isotope Fractionations in Organic
Matter: Biosynthetic and Diagenetic Processes"
1:00-3:00 --TECHNICAL SESSION:"Aqueous Geochemistry"
3:00-5:00 --TECHNICAL SESSION: "Groundwater-Brine Geochemistry"

TUE AM 8:00-12:00 --GEOCHEMICAL SOCIETY SYMPOSIUM
"Oxygen and carbon isotopes in Paleozoic and Early Mesozoic marine
sediments: toward a global isotope stratigraphy"
Ethan L. Grossman, convener
8:00-10:30 --TECHNICAL SESSION "High-grade Metamorphism and Mylonites"

TUE PM 1:30-5:30 --TECHNICAL SESSION: "Hydrothermal Experiments and Modelling"
2:00-4:00 --GEOCHEMISTRY POSTER SESSION I
5:30-7:30 --MSA-GS RECEPTION (at the Hyatt Regency)

WED AM 8:00-12:00 --TECHNICAL SESSION: "Sedimentary Geochemistry"

WED PM 1:00-2:30 --TECHNICAL SESSION: "Fluid Inclusions"
3:00-5:00 --TECHNICAL SESSION "Stable Isotopes"

THU AM 8:00-10:00 --TECHNICAL SESSION: "Mineral Dissolution"
10:00-12:00 --TECHNICAL SESSION: "Minerals and Mineral Surfaces"

THU PM 2:00-4:00 --GEOCHEMISTRY POSTER SESSION II

ADDITIONAL EVENTS OF INTEREST TO GS MEMBERS
(1990 GSA Annual Meeting Dallas, Texas. October 28 - November 1, 1990)

SUN AM --SEG SYMPOSIUM: "Seafloor Hydrothermal Mineralization: New Developments"

PM --SEG SYMPOSIUM "Geologic Setting and Generation of Very
Large Volcanic-Hosted Massive Sulfide Deposits"
6:00-9:00 GSA WELCOMING RECEPTION

MON AM --THEME SESSION 31: "Water and Volcanoes"

PM --MSA SYMPOSIUM: "Thermodynamic Mixing Properties of
Petrologically Important Minerals"
--THEME SESSION 9: "Environmental and Engineering Studies for Radioactive
Waste Isolation: Experience Based on the Waste Isolation Pilot Plant (WIPP) Project, SE New Mexico

TUE AM --THEME SESSION 11: "Amino Acid Geochemistry: Applications in Stratigraphy and Geochronology"

PM --THEME SESSION 27: "Geochemistry and Global Change"

--THEME SESSION 33: "Opportunities for Scientific Drilling in the Continental Crust: Shallow-to-Intermediate Depth Projects"

WED AM --THEME SESSION 30a: "Granites/Rhyolites: Interrelations, Processes, Geometries, Geochemistries"

PM --THEME SESSION 30b: "Granites/Rhyolites: Interrelations, Processes, Geometries, Geochemistries"

--THEME SESSION 4: "Cretaceous/Tertiary Boundary Sections in the Southern United States"

THU AM --THEME SESSION 16: "Paleosols and Subaerial Exposure Surfaces in Carbonate Sequences"

PM --THEME SESSION 3: "Problems and Solutions to Monitoring Groundwater in Karst Terranes"

CALL FOR PAPERS

SYMPOSIUM ON MARINE ORGANIC CHEMISTRY
American Chemical Society National Meeting
Atlanta Georgia
April 14th - 19th, 1991

Co-sponsored by: Geochemistry Division, American Chemical Society
and
Organic Geochemistry Division, Geochemical Society

Prospective topics include (but are not limited to):
- fluxes and early diagenesis of organic matter during sedimentation
- biologically mediated biomarker transformations on modern sediments
- biosynthetic and diagenetic fractionation of C, N, S isotopes of organic matter in aquatic systems
- estuarine sources of organic matter and exchanges across the estuarine-ocean interface
- metal-organic interactions in aquatic systems
- organic indicators of paleoenvironmental systems

For additional information and abstract forms, please contact:

Dr. Stuart Wakeham
Skidaway Institute of Oceanography
P.O. Box 12687
Savannah, GA 31416
(912) 356-2347

Dr. Philip Meyers
Department of Geological Sciences
University of Michigan
1006 C. C. Little Building
Ann Arbor, Michigan 48109
(313) 764-0597

ABSTRACTS (150 WORDS ON ACS FORMS) ARE DUE AT ACS NOVEMBER 1, 1990
TRANSPORTATION

AIR
40% off
Convenience and Discount

GSA’s official travel agent, Cain Travel Group, has negotiated discounted rates of 40% or more with the major Dallas carriers: American, Delta, TWA, USAir, and United. For already discounted fares, Cain will offer 5% off. In addition, Cain will meet or beat any fare offered by another travel agency.

As with all airline reservations, please use caution regarding change and cancellation penalties that accompany low-fare tickets. This especially applies to field trip participants whose trips may be canceled after the September 26 preregistration deadline.

Advance bookings with Saturday night stayovers are the best route to lowest fares. So call today for best availability.

To make a reservation:
• Call 1-800-346-4747 (toll-free outside Colorado) or (303) 443-2246 (collect from Colorado or Canada); fax 1-303-443-4485.
• Hours: Monday through Friday 8:00 a.m. to 5:30 p.m., Mountain Daylight Time.
• Identify yourself as a GSA traveler.
• Be sure that you understand the restrictions on the type of ticket you purchase.
• Tickets can be paid for by check (payable to Cain Travel), or major credit card, or be invoiced to your company. Final payment must reach Cain Travel no later than ten days prior to departure, to allow for mailing time.
• All tickets will be mailed via certified mail upon receipt of payment unless requested otherwise.

After tickets are issued, you are protected from fare increases; if a fare decreases, call Cain Travel for an adjustment.
• Cain Travel will have an on-site Customer Service Desk at the Dallas Convention Center.

GROUND

GSA Shuttle

GSA will operate a free shuttle service between the downtown GSA hotels and the Dallas Convention Center during meeting hours. (Reminder: the shuttle will not be serving the student housing motels outside of the downtown area.) Shuttle service will be provided at frequent intervals each day (Sunday, October 28, through Thursday, November 1). The service will continue into the evening for the special events. Shuttle schedules will be posted in GSA hotel lobbies and in all registration packets.

The Dallas—Fort Worth International Airport is 17 miles from the Dallas Convention Center and the downtown area (an approximately 30-minute ride).

SuperShuttle

Airport to hotel. Operates 24 hours a day, seven days a week. Call SuperShuttle from the Ground Transportation Board in the baggage claim area. A reservation agent will then give you instructions on where to board SuperShuttle. Look for the blue and yellow signs and vans.

Hotel to airport. Call 24 hours in advance for reservations, (817) 329-2000. For your convenience, a SuperShuttle booth is located (1) in the

Registration Area at the Dallas Convention Center, and (2) in the lobby of the Hyatt Regency Hotel. SuperShuttle picks up at all hotels, but a reservation is necessary. Cost $8 to/from the Hyatt, $10 to/from other downtown hotels.

Taxicabs

Sixteen taxicab companies service the Dallas—Fort Worth International Airport. All vehicles are metered and regulated. Charges are $2.30 for the first mile and $1.00 for each additional mile. Approximate cost from the airport to downtown is $20. Our advice: share a cab.

Dallas Area Rapid Transit (DART)

Take the Dallas—Fort Worth Airport Terminal Shuttle Bus to the South Shuttle Parking Lot and board the DART bus #9 (King Center). Disembark at Parkland Hospital, and wait to board any bus going downtown. Approximate cost from the airport to downtown is $1.50.

DART’s distinctive yellow and white buses serve the Dallas metropolitan area. DART’s inexpensive Hop-A-Bus offers convenient downtown service with stops at the West End Historic District, Dallas City Hall, and The Dallas Museum of Art. For general information, call DART at 979-1111.

Car Rental

Alamo is the official car rental agency for the meeting. Identify yourself as a GSA delegate by giving Group Identification #63641 and Plan Code G5, to get guaranteed, discounted, daily/weekly rates as follows: economy $24/$75; compact $25/$99; midsize $27/$119; standard $29/$149; luxury $34/$179. Unlimited mileage. Add $3 per day for four-door models. Advance reservations are recommended. Call Alamo at 1-800-732-3232.

FOR INFORMATION: GSA MEETINGS DEPT. (303) 447-2020
7. CURRENT student ID is required to obtain student rates at both the on-site and preregistration counters. Students not carrying a current student ID when they arrive to pick up registration materials will be required to pay the professional fee.

CANCELLATIONS, CHANGES, AND REFUNDS

All requests for registration additions, changes, and cancellations must be made in writing and received by October 5. GSA will refund advance registration fees for cancellations received in writing by OCTOBER 5. NO REFUNDS WILL BE MADE ON CANCELLATION NOTICES RECEIVED AFTER THIS DATE. Refunds will be mailed from GSA after the meeting. Refunds for fees paid by credit card will be credited according to the card number on the preregistration form. NO refunds for on-site registration and ticket sales.

ON-SITE REGISTRATION SCHEDULE
DALLAS CONVENTION CENTER, LEVEL II

*Friday, October 26  2:00 p.m. to 6:00 p.m.  
*Saturday, October 27  7:30 a.m. to 2:30 p.m.  
Sunday, October 28    10:00 a.m. to 7:00 p.m.  
Monday, October 29    7:30 a.m. to 5:00 p.m.  
Tuesday, October 30   7:30 a.m. to 5:00 p.m.  
Wednesday, October 31 7:30 a.m. to 2:00 p.m.  
Thursday, November 1  7:30 a.m. to 12:00 p.m.

*PREREGRISTRANTS ONLY!

JOIN GSA NOW AND SAVE!

If you’re planning to attend this year’s Annual Meeting, but are not yet a GSA member, now is the time to join! When you do, the $40 basic dues you pay will equal the $40 you’ll save on the member registration fee for the meeting. It’s like joining GSA for free. Even professional registrants who pay the nonmember registration fee and apply for membership by March 31, 1991 can take advantage of this opportunity. Simply attach a copy of your meeting registration form to your membership application and submit it to GSA headquarters. Likewise, students who pay the basic membership dues of $15 to become a Student Associate will receive a $15 discount on their Annual Meeting registration. It’s almost like becoming a new GSA Student Associate for free!

The $40 registration discount for members, mentioned above, applies to professional members of GSA. Save time by joining before the meeting; membership applications are available prior to the meeting from GSA headquarters. During the meeting, they can be picked up at the Membership Booth in the Registration Area of the Dallas Convention Center.

FOR INFORMATION: GSA MEETINGS DEPT. [303] 447-2020  
GSA, P.O. BOX 9140, BOULDER, CO 80301
Save $—Preregister by September 28.

PREREGISTRATION FORM

Preregistration must be RECEIVED by September 28. Payment and form MUST accompany each preregistration request. Unpaid purchase orders NOT accepted as valid registration. One form per registrant. Cancellation deadline: October 5. No refunds on cancellations received after this date.

HOUSING

GSA has blocked rooms at seven downtown hotels that are offering special convention rates to GSA meeting attendees. GSA endorses these hotels for quality, safety, cleanliness, and service. The GSA shuttle will service all seven downtown hotels.

For student housing, GSA has also blocked rooms at five metro-area motels. These motels are out of the downtown area, and will not be serviced by the GSA shuttle service. You must have your own transportation.

TO MAKE YOUR HOTEL RESERVATION

There are three possible ways to make your housing reservation: (1) mail, (2) fax, or (3) phone. Please refer to the address and phone numbers shown on the Housing Request Form. All reservations must be RECEIVED BY FRIDAY, OCTOBER 5. For phone calls, please call between 8:00 a.m. and 5:00 p.m. Central Standard Time. Do NOT send your Housing Form in after you call. This will result in a duplicate reservation.

AFTER FRIDAY, OCTOBER 5, you can try to go through the Dallas Housing Bureau. They will do what they can or explain the best option. Note that many hotels will be filled at this time, and hotels will only be able to offer the special GSA rate on an as-available basis.

ASSIGNMENT

Hotel rooms will be assigned on a first-come, first-served basis as they are received by the Housing Bureau. Once your request is received, the Bureau will send an acknowledgment to you and your assigned hotel.

You will then receive a confirmation from the hotel. This is a notice that the hotel received the information from the Housing Bureau and that the reservation has been entered into their system. Please check it carefully.

ROOM DEPOSITS/GUARANTEES

All GSA hotels require a first night’s room deposit. Deposits can be made by (1) providing a credit card number and expiration date on the housing form, or (2) sending payment directly to the hotel once you have received your confirmation from the hotel. The deposit amount should be the cost of one night’s stay at your assigned hotel. Note that the Housing Bureau will ONLY accept credit cards, not checks or cash. When making payment directly to the hotel, be sure to give your confirmed reservation number.

Once the hotel receives your deposit, it automatically guarantees your reservation. The guarantee assures you that no matter what time you arrive on your scheduled arrival day, your room will be held until at least midnight.

CHANGES AND CANCELLATIONS

Changes and cancellations BEFORE and AFTER the OCTOBER 5 deadline should be communicated to the Housing Bureau, either by phone, fax, or mail. Supply your confirmed hotel reservation number for any change or cancellation.

Within 72 hours of your scheduled arrival, please contact the hotel directly with any changes. A cancellation notice must be received AT LEAST 48 HOURS in advance to receive a full refund on your first night’s room deposit. Please show courtesy as a professional geologist by notifying the hotel if your plans change.

NOTE: All rooms are subject to 13% tax.

STUDENT HOUSING

GSA has negotiated convention rates with five motels outside of the downtown area. These motels are less expensive than the downtown hotels. They will not be serviced by the GSA shuttle. Please provide your own transportation.
